bin weighing

WEIGHING SYSTEMS

MECHANICAL BATCHES OF 10 kg
ADAPTABLE 360°
EXCELLENT FEED FLOW

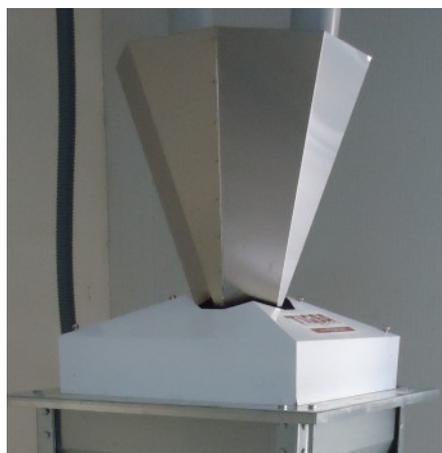

SCREENERS to prevent damages on the systems
Remove particles larger than 9x20 mm
Easy cleaning and inspection

ELECTRONIC BATCH WEIGHING
FOR AN EASY CALIBRATION AND FOR ACCURATE
AND SECURE WEIGHING

- Batches from 5 kg to 20 kg
- Precision and highly reliable Load Cells
- Strong construction to prevent from rodents
- Smooth and complete out-flow of feed
- Perfect connection with the controls to manage restrictive feed consumption, 2 motors and 15 fill-up different points

NOW THE FARMER HAS A STRONG & RELIABLE WEIGHIER SYSTEM
Ahora el granjero dispone de un sistema de pesaje fiable , robusto y estable

| | MECHANICAL | ELECTRONIC | WEIGHING |
